DUES CALCULATION
FUEL MERCHANTS ASSOCIATION OF NEW JERSEY
***** CONFIDENTIAL INFORMATION *****

LINE 1 - HEATING FUEL DUES

_____ Heating Fuel Gallons x \$3,500 per million = \$ _____

Dues are calculated at the rate of \$3,500 per million gallons or fraction thereof. For marketers selling less than one million gallons annually, dues is calculated at \$1,000 minimum dues plus \$.0025 per gallon.

When reporting sales volume, you may exempt commercial, industrial, and/or government bid business, which is below full profit margin levels.

LINE 2 - MOTOR FUELS DUES

Diesel Fuel Gallons _____

Motor Gasoline Gallons _____

Total Motor Fuel Gallons _____ x \$315 per million = \$ _____

Dues are calculated at the rate of \$315 per million gallons, or fraction thereof, with minimum dues of \$315 per year for marketers selling only motor fuels.

When reporting motor fuels sales volume, you may exempt industrial and/or government bid business, which is below full profit margin levels.

I have reviewed sales volume for the last fiscal year and provide this information to be used for dues billing for the membership year commencing January 1st.

I request the billing option checked below:

_____ Single payment due January 1

_____ 4-payment plan - due dates January 1, April 1, July 1 and October 1

_____ 6-payment plan - due monthly January 1 to June 1

_____ BY: _____
